Program/Service Notes:

COUNTRY OAKS provides adult residential, detoxification and halfway house programs. The Adult Residential Program or START (Short Term Adult Residential Treatment) provides individual, group and family counseling to help clients understand the impact of substance abuse on their lives and develop skills and plans to support continued recovery. It is a 26 bed program. The Detoxification Program offers 24-hour medical supervision for each patient. At the time of admission, the individual begins a constant process of monitoring, supervision and support within a reassuring, non threatening atmosphere. Once the individual begins to stabilize physically and emotionally, assessment of the need for further medical, social and psychological services begins. Detoxification is only the beginning of a progress effort toward recovery. It is a 14 bed unit. The Halfway House Program provides drug free, semi-structured environment for adults to support efforts for successful re-entry into the community. The staff assists with vocational or educational choices, skill enhancements, job seeking, living arrangements and continued recovery plans. It is a 26 bed program.
